And as an added bonus and with kind permission Mark Elsdon has included his incredible follow up to Cataclysm called Devastation.

**Cataclysm: the Armageddon Edition
by Brian Caswell**

This new Armageddon Edition comes complete with all the information contained on the original DVD + some killer bonuses!

From the creative mind behind the best-selling card effect Trilogy comes what has been called Brian Caswell's greatest creation ever...**Cataclysm!**

Imagine showing a deck of Bicycle brand playing cards each card has a number written on the back.

Your spectator names 3 playing cards and these are removed from the face up deck and placed on the table.

A photograph is shown to contain 3 face down playing cards each bearing a different number on their back. Unbelievable as it sounds when the cards are turned over the numbers match!

Yes it really is that clean!
